

BOB AND EDITH'S WORK: ROMANIA

It is through your giving that lives are saved and healing takes place. Bob and Edith McDonald are Elim Missionaries working in Romania with the Roma community. They are seeing God move among the poorest in this small village. A young woman gave testimony at her baptism of what Jesus meant to her:

“My child was unable to walk. This troubled me greatly and especially when I saw the other children of similar age walking. I asked ‘Why is my child not walking when all the other children are?’ In my distress I said to God ‘If you will let my child walk then I will give my life to you.’ That same night my child walked for the first time. He is well. So I have given my life to Jesus and I want to follow Him.”
