Verse:

Could've given up, Could've lost faith
Could've been crushed, Could've walked away
Could've traded truth and believed a lie
But God You are faithful, the strength of my life

Chorus:

In the Light of You
Everything changes, everything's made brand new
A new day is here
Everything changes, Everything changes

Bridge:

There in the darkness, there in the deep
There in the valley, when victory sleeps
There in the desert, You are moving. You are moving
There in the trial, there in the storm
There in the battle, when all strength has gone
There in the desert, You are moving. You are moving
